COLUMBIA COUNTY CONSERVATION DISTRICT

PLAN REVIEW FEE SCHEDULE GUIDELINES

Revised as FEBRUARY 3, 2010

Applicability of Fee Schedule

1. The fee schedule shall apply to those plans that are submitted to the Columbia County Conservation District for an adequacy review determination related to Chapter 102 (Erosion and Sedimentation Pollution Control Regulations) and Chapter 92 (National Pollutant Discharge Elimination System for construction activities.)
2. Each re-submission of a different project on the same tract of land will be charged according to the fee schedule.
3. Initial submission fees will be waived for an application submitted under the name of a government sub-unit of the United States or the Commonwealth of Pennsylvania including school districts and authorities. This waiver does not apply to private non profit organizations. Resubmission fees for third or subsequent reviews will not be waived.
4. Plans re-submitted for a second review will not be assessed an additional fee. All plans resubmitted for third or subsequent reviews will be subject to a review fee of $\frac{1}{4}$ (25%) of the original fee.
5. Failure to respond to reviews within 6 months or longer will be subject to re-submission of plans and charged $\frac{1}{4}$ (25%) of the original fee.
6. In applications consisting of both commercial and residential components, the fee will be determined by calculating a separate fee for each portion of the project and adding the separate fees.
7. Modifications submitted for an approved plan will be subject to a 25% fee based on current rates for new submissions.

Procedures:

1. Applicants will submit one copy of the complete subdivision or site plan, and a copy of the erosion and sedimentation pollution control narrative, a completed application form, a location map (Section of USGS map recommended), and a check or money order made payable to the Columbia County Conservation District.
2. The Conservation District review fee shall not be combined with any other municipal or county fee. The cancelled check will be the applicant's receipt.
3. Submissions not containing the appropriate information will not be reviewed. The applicant will be informed of any additional information or fees needed for a review.
4. A \$30.00 charge will be assessed for any check refused by the bank for insufficient funds, and the entire application package will be returned to the applicant.
5. Applications for the NPDES permit for Construction Activities require a separate check made payable to the Columbia County Conservation District Clean Water Fund.
