SOL HEALTH FEED DAY

Maximize Soil Health Benefits with Cover Crops (How does it all Connect?)

Please join us for the afternoon as we discuss the keys to soil health. Artman Farms have made some changes on their operation and they invite you to see what they have learned from it. Come out and hear from fellow farmers about their management and how they have tackled No-Till and Cover crop systems.

Field Day Discussion Topics

- Introductions and Farm Information
- John Flanders - Crop Management Association
- Planting Green and Slugs, What to do? - Lucas Criswell
- Cover Crop Mixes & How to use Cover Crops to Build Soils & Manage Moisture- Mark Rohrbach
- Herbicide Programs and What to Consider When Using Cover Crops- Bill Curran
- Soil Pits, Root Growth, Compaction, Infiltration- Kris Ribble, NRCS & Matt Ricker, Bloomsburg University
- NRCS & Conservation District Programs & Services
- Rainfall Stimulator
- Wrap Up, Q&A & Ice Cream provided by Dairy Princess, ?
