

# THE FLORA OF RICKETTS GLEN

By George P. Chamuris, Ph.D  
Professor of Biology, Bloomsburg University

George will speak about his recent research on the flora of Ricketts Glen State Park. His research looks at the biodiversity of plant species that are accessible from the hiking trails.

Fishing Creek  
Watershed  
Association  
January 2019  
Meeting

Come learn  
about plant  
biodiversity at  
Ricketts Glen  
State Park

Help keep  
our streams and  
water supply  
healthy

MONDAY  
JAN 14TH  
7 PM

Lower Level Conf. Rm,  
Ag Services Building  
702 Sawmill Rd,  
Bloomsburg, PA
